This image illustrates step 355 of a LEGO assembly. The main 3D exploded view shows a complex mechanical structure with a motor on the right. A black Technic beam is being positioned to be attached to the side of the structure. A green arrow points to the specific connection point where the beam will be joined to a vertical support. A 2D inset diagram on the left provides a detailed view of the assembly process, showing three steps:

- 1**: An orange pin is shown being inserted into a hole in the black beam.
- 2**: A blue Technic pin is shown being inserted into the end of the black beam. A blue box with the number **15** is next to the pin.
- 3**: The black beam is shown being attached to a larger black component, with red arrows indicating the alignment of the pins.

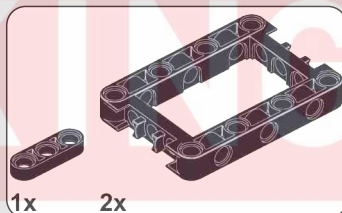

The 2D inset diagram is set against a light yellow background. The main 3D view is set against a light gray background.
